

GrowGroup
Innovative Farming Solutions

Grow Container Systems - GCS 40HQ

GrowGroup
Grow Container Systems

With the **Grow Container Systems** we make small solutions for:

-  Research & Development
-  Schools & Universities
-  Pilots for new indoor farms
-  Container cluster farms (up to 3,500 sqm growing space)

Our GCS 40HQ

-  Integrated automated hydroponic irrigation system
-  Low water and electricity consumption
-  High yield per sqm
-  High Dutch quality with a long service life
-  Pesticide and chemical free
-  Climate controlled for extreme regions
-  Year round (365 days) production

Knowledge and products

GrowGroup IFS works with proven technology and Dutch agricultural knowledge partners. Our systems are designed for lettuce, leafy greens, micro greens, herbs, soft fruit and animal feed.

GaaS Wageningen (optional)

A Dutch collaboration with Delphy with the best knowledge of growing and data analysing to serve you with your operation.
