

GrowGroup
Innovative Farming Solutions

Grow Container Systems - GCS 40HQ - Young Plant

With the **Grow Container Systems Young Plant** you:

-  Produce all kinds of young plants in all climates all year round, like strawberries, lettuce varieties and herbs
-  Can also produce your own optimal young plants near your large open field, greenhouse or indoor farm

Our GCS 40HQ Young Plant model

-  Integrated automated hydroponic irrigation system
-  Low water consumption
-  High Dutch quality with a long service life
-  Climate controlled for extraordinary regions
-  Optional: customer made

Knowledge and products

GrowGroup IFS works with proven technology and Dutch agricultural knowledge partners.

Together with our partners we can also provide sowing lines and transplanting robots.

GaaS Wageningen (optional)

A Dutch collaboration with Delphy with the best knowledge of growing and data analysing to serve you with your operation.
